Select File here for what, one day Senator Lewis? One day. ARE THERE objections to holding 490 on Select File for one day? Hearing no objections so ordered. The bill is detained then.

CLERK: Read motion regarding LB513.

PRESIDENT: Senator Kennedy what is your pleasure regarding LB513?

SENATOR KENNEDY: Mr. President, I was just visiting with Senator Goodrich and he asked that it be bracketed. I would like to have it moved back for the amendment that I requested here the other day. If that is permissible. We have held it lets say that it has set there for a year and I don't think that the amendment has any harm and we have started to visit with the members, but Senator Goodrich, do you have a thought on it?

SENATOR GOODRICH: What I proposed yesterday with Senator Kennedy was that we leave this sit right where it is until such time when the Health Committee had a time to get an executive session in. Then the Health Committee could discuss the thing and we could let it go from there. However, yesterday we did not have sufficient number of members of the Health Committee left to have an Executive Session at the end of the Public Hearings and I would suggest that we leave it right here today and the Health Committee is meeting today and we could have an executive session after the public hearings today and we could then decide what we are going to do with it and send it on Thursday.

PRESIDENT: Back to you Senator Kennedy.

SENATOR KENNEDY: Again can we bracket it until tomorrow? I would appreciate it.

PRESIDENT: Hold 513 then on E & R for engrossing.

CLERK: Read motion regarding 590.

PRESIDENT: Senator Carpenter what is your pleasure regarding your amendment to LB590?

SENATOR CARPENTER: Mr. President, I have a letter from Mr. Dunlevy who of course is the state court administrator for the Supreme Court. This is a technical amendment that he thinks is desirable to be adopted. Now what it does without a specific provision, a careless driving conviction under the state law would only be a 2 point offense. This of course would put it back as I understand it to where it now is. It is a technical thing that was unintended as I understand it and Mr. Dunlevy suggested that I attempt to amend this bill at his request. I move for its adoption.

PRESIDENT: Any further discussion of the motion? The motion is to return LB590 from E & R to Select File for a specific amendment as explained by Senator Carpenter. All those in favor of returning 590 to Select file for that amendment will vote aye, those opposed will vote no. This is to return the bill only. The motion is to return LB590 to Select File for specific amendment. Clerk will record.

CLERK: 25 ayes Mr. President.
